## Description

This unit covers the competency required to make decisions about people's safety during a workplace emergency and to give instructions to Emergency Wardens on the priority order for responding to the emergency incident area. Participants will learn to lead in the preparation of workplace emergency procedures; command, control and coordinate workplace emergency procedures and response; and conclude the incident.

## Course Content

As a Chief Emergency Warden:

- Prepare for workplace emergencies
- Apply command, control and coordinate aspects of workplace emergency procedures
- Control the response to emergency reports, signals and warnings
- Coordinate reports and results of initial emergency response
- Conclude the incident

## Prerequisites

PUAWER005B Operate as part of an emergency control organisation (Emergency Warden) is a pre-requisite for this course. Learners must be over 18 years of age.

## Assessment

The theory assessment consists of multiple choice and short answer questions.

The practical assessment will require Learners to demonstrate the ability to respond to emergency reports, signals and warnings properly; to give clear directions under emergency conditions; to make decisions appropriate to the situation; to keep others appropriately informed; to respond in accordance with the workplace emergency procedures; to take on a leadership role consistent with the emergency control organisation; and to operate in accordance with the command, control and coordinate framework of the emergency control organisation structures.

## Language, Literacy and Numeracy

There are specific language, literacy and numeracy requirements for some of content of this course, to be deemed competent learners must be able to:

- Read and correctly interpret emergency warning signs and documents
- Speak clearly and unambiguously in English
- Explain, describe and verify sometimes complex needs and issues

Writing is required to the level of completing workplace forms (emergency logs and reports).
